The TM-T20 can also be placed vertically on counter.

Epson's cost-effective, energy-efficient TM-T20 thermal printer is ideal for low-volume retailers and virtual terminal applications. It combines basic POS printing functionality with high reliability and multiple ease-of-use features.

Quality you can count on

The TM-T20 is the ideal choice for retailers with a low volume of POS transactions. Based on Epson's advanced printing technology, it delivers the quality and reliability that Epson is known for, which ensures an easy, reliable printing solution for end users.

Fast printing with multiple options

In addition to fast receipt printing at 150mm/second, the TM-T20 also prints crisp, clear logos, coupons and bar codes at the same fast speed.

All-in-one-box convenience

The TM-T20 comes with everything you need in one box for quick setup and installation. The box includes manuals, drivers, utilities, cables, integrated power supply and easy-to-use software tools to speed programming. In addition, the TM-T20 is available with a USB, Serial or Ethernet interface.

Easy to use. Easy to maintain.

The TM-T20 comes with multiple ease-of-use features from drop-in paper loading and autocutter to status LEDs and more. And it also offers optional printer

placements including horizontal or upright for front receipt dispensing or vertical wall placement using a special hanging bracket.

Features Epson reliability

With a MCBF of 60 million lines, a MTBF of 360,000 hours and an autocutter life of 1.5 million cuts, the TM-T20 delivers the reliability customers expect from Epson.

ENERGY STAR qualified

Epson's TM-T20 is ENERGY STAR qualified and RoHS compliant and features very low power consumption to reduce costs.

Backed by the leader

The TM-T20 is backed by Epson's industry-leading service and support programs and comes with a two-year limited warranty. To learn more about how the TM-T20 meets the needs of small retailers, go to pos.epson.com.
